

ALEX ADKINS

Oviedo, FL | 321-696-5686 | alexanderadkins@hotmail.com

EDUCATION

University of Central Florida — Orlando, FL
B.S. Mechanical Engineering | Expected Spring 2030
UCF Honors College | Provost Scholarship
Relevant Coursework: Calculus III

ENGINEERING & DESIGN EXPERIENCE

FIRST LEGO League — Cowboy Joes | 2017–2018
Wyoming State Champion | World Championship Competitor

- Helped design several open-and-close mechanisms for our competition robot and worked on the LEGO programming that controlled them.
- Worked with a 10-person team that won the Wyoming State Championship and competed at the FIRST LEGO League World Championship.
- Worked with my team on the Hydro Dynamics challenge, which focused on using drone technology to help identify problems with water infrastructure.
- Gained experience with robot design, programming, testing, teamwork, and presenting our work.

ASME UCF (American Society of Mechanical Engineers) IAM3D Team Captain

- Gaining leadership knowledge within the college environment, leading a team of engineers to create a rover that can traverse varying environments and maintain balance.
- Work on skills like CAD (solidworks), soldering, and electrical expertise in areas of robotics.
- Gain hands-on experience leading a high level crew and managing things like fund allocation, task distribution, and other tasks to lead the team.

Personal Software Project — Card Collection Website | 2026–Present

- Building a personal website to organize and track a physical card collection.
- Designed features for tracking items, purchases, sales, values, and transactions.
- Work through technical problems independently and test different solutions as I develop the project.

WORK EXPERIENCE

Culver's — Front of House Employee | Oviedo, FL
June 2026–Present

- Manage customer orders, dining-area operations, and drive-thru service.
- Work with other employees to keep orders organized and service running smoothly.
- Take on closing responsibilities and help prepare the restaurant for the following day.
- Handle multiple responsibilities at once while communicating with customers and coworkers.

AWARDS & ACHIEVEMENTS

- UCF Provost Scholarship
- UCF Honors College
- FIRST LEGO League Wyoming State Champion & World Championship Competitor
- AP Scholar with Distinction
- AP Calculus BC — 5
- AP Physics 1 — 5
- AP Calculus AB — 5
- AP Physics C: Mechanics — 4

SKILLS

Technical: 3D Modeling, Robotics, Simulation, LEGO Robotics Programming, Web Development
Software: Autodesk Maya, Unreal Engine
Other: Teamwork, Communication, Problem-Solving, Technical Presentation
